## **Vision:**

4:21 is a student ministry based around two things; making those who are new to Velocity feel welcomed (Phil 4:21), and sharing our gifts and talents to serve others (1 Peter 4:10). The energy and life behind 4:21 is a student’s love and relationship with Christ Jesus. Students who have a strong walk with God are crucial to 4:21. Keep in mind that the completion of this application does not guarantee a part in this ministry, and if chosen, you may be asked to step down at any time if Velocity leadership, and/or your parents notice something in your life that isn’t right. Maintaining your relationship with God is, as always, of the highest importance. We also meet 15-20 minutes before services to pray for the service and each other.

## **PARENTS:**

4:21 is a ministry designed to start raising and training students in leadership activities. As the parent of the student involved in 4:21, you have a commitment to this ministry as well. Your commitment to 4:21 is that you will do your very best in making sure your student is able to come to as many events as possible. This requires driving them to the designated spot decided for the event (if the Calvary Van is unavailable). Also, we ask that you hold your student accountable in his/her relationship with Christ. Your student's walk with the Lord is what makes this ministry come alive! We also ask, as much as is possible, to get them here at least 15 minutes before service for prayer time.

## **THE COMMITMENT:**

This ministry involves a commitment. Just coming to the service that you regularly attend and helping out shows your dedication. Consistency is key! We ask that you pick a service that you would like to be involved with, and that service is where you will be committed as a 4:21 student.

We expect you to be at service, but we also realize that life happens. We ask that you be a consistent servant of the Lord. The biggest commitment you have is to the Lord. We encourage you to read God's word, and be in prayer daily. Serving at 4:21 is a ton of fun, but as we minister to other students and people it is always important to be right in your relationship with God so that you can encourage others to deepen their faith.
